

Computer Programing Lab

Assignment # 01 (If-Else & Loops):

Weight: 4.00

Due Date: 07-02-2019

Problem

Visit the following link of Turkey Scholarships Website.

Create your own account and fill up all of the provided forms/details just for fun, it's totally free.

<https://tbbs.turkiyeburslari.gov.tr>

Your task is to code/program all of the sections given on left-hand-side of above website in C++ programming language i.e.

- Personal Information
- Family Information
- Contact Info
- Work Experience
- Academic Qualification
- Social Activities
- Language Details
- My Application etc.

Input all of the given fields from user with **proper if-else checks** like we did in previous lab. You can only use if-else, loops and built-in functions not higher concepts.

Good Luck ☺
